March 31, 1988 — 7 a.m. — 38° — GCS April 1, 1988 — 12 a.m. — 85° — Dominican Republic. The preparatory work was done and the Mission Trip was a reality. Eighteen Seniors and Juniors and four sponsors spent their Spring Break working. They built three banõs (outhouses) including pit walls and above ground structures. They also laid three cement floors and a 75-foot long sidewalk at the village school. Lifelong friendships were also made, making this trip an unforgettable experience for each team member.

Senior Trip '88

This year's senior trip to the Wilds in North Carolina was an unforgettable experience for all the seniors. From practical jokes on the van to long trail hikes to the daily chapel times, this adventure was enjoyed by everyone. Highlights included visiting Venture Valley, White Water Rafting, and swimming in 40 degrees waterfalls. Gatlinburg lured the seniors' last pennies as they returned home. Thank-you, Hammonds and Mayfields, for sharing this time with us.

Peace of Mind

You've got enough in your life to worry about.

One of the important things you don't have to worry about is the safety of your savings in the credit union . . . where your money is managed by professionals and insured up to $100,000 by the National Credit Union Administration (NCUA), an agency of the federal government.

If you have an IRA a your credit union, that accuont also is protected by an additional $100,000 worth of NCUA coverage.

No need to worry. Your savings are safe in the credit union.

Leave it to your credit union
to provide you with insurance protection
for your peace of mind
